## SSB (NM\_003142) Human Tagged ORF Clone Lentiviral Particle

**Product data:** 

**Product Type:** Lentiviral Particles

**Product Name:** SSB (NM\_003142) Human Tagged ORF Clone Lentiviral Particle

Symbol: SSB

Synonyms: La; La/SSB; LARP3

Mammalian Cell

Selection:

None

**Vector:** pLenti-C-mGFP (PS100071)

Tag: mGFP

**ACCN:** NM\_003142 **ORF Size:** 1224 bp

**ORF Nucleotide** 

The ORF insert of this clone is exactly the same as(RC205013).

Sequence:

OTI Disclaimer: The molecular sequence of this clone aligns with the gene accession number as a point of

reference only. However, individual transcript sequences of the same gene can differ through naturally occurring variations (e.g. polymorphisms), each with its own valid existence. This clone is substantially in agreement with the reference, but a complete review of all prevailing

variants is recommended prior to use. More info

**OTI Annotation:** This clone was engineered to express the complete ORF with an expression tag. Expression

varies depending on the nature of the gene.

**RefSeg:** NM 003142.3

 RefSeq Size:
 1719 bp

 RefSeq ORF:
 1227 bp

 Locus ID:
 6741

 UniProt ID:
 P05455

 Cytogenetics:
 2q31.1

Domains: RRM, LA

**Protein Families:** Stem cell - Pluripotency, Transcription Factors

## SSB (NM\_003142) Human Tagged ORF Clone Lentiviral Particle - RC205013L2V

**Protein Pathways:** Systemic lupus erythematosus

MW: 46.8 kDa

Gene Summary: The protein encoded by this gene is involved in diverse aspects of RNA metabolism, including

binding and protecting poly(U) termini of nascent RNA polymerase III transcripts from exonuclease digestion, processing 5' and 3' ends of pre-tRNA precursors, acting as an RNA chaperone, and binding viral RNAs associated with hepatitis C virus. Autoantibodies reacting with this protein are found in the sera of patients with Sjogren syndrome and systemic lupus erythematosus. Alternative promoter usage results in two different transcript variants which

encode the same protein. [provided by RefSeq, Jun 2014]
