

## Product datasheet for SR416079

## Cyp8b1 Mouse siRNA Oligo Duplex (Locus ID 13124)

## **Product data:**

## OriGene Technologies, Inc.

| siRNA Oligo Duplexes   |
|--|
| HPLC purified  |
| Tested by ESI-MS   |
| Available with shipment  |
| One year from date of shipment when stored at -20°C.   |
| Approximately 330 transfections/2nmol in 24-well plate under optimized conditions (final conc. 10 nM).   |
| Single siRNA duplex (10nmol) can be ordered.   |
| <u>NM 010012</u>   |
| <u>088962</u>  |
| Cyp8b1 (Mouse) - 3 unique 27mer siRNA duplexes - 2 nmol each (Locus ID 13124)<br>Included - SR30004, Trilencer-27 Universal Scrambled Negative Control siRNA Duplex - 2 nmol<br>Included - SR30005, RNAse free siRNA Duplex Resuspension Buffer - 2 ml   |
| Involved in bile acid synthesis and is responsible for the conversion of 7 alpha-hydroxy-4-<br>cholesten-3-one into 7 alpha, 12 alpha-dihydroxy-4-cholesten-3-one. Responsible for the<br>balance between formation of cholic acid and chenodeoxycholic acid. Has a rather broad<br>substrate specificity including a number of 7-alpha-hydroxylated C27 steroids.<br>[UniProtKB/Swiss-Prot Function]  |
| OriGene guarantees that at least two of the three Dicer-Substrate duplexes in the kit will<br>provide at least 70% or more knockdown of the target mRNA when used at 10 nM<br>concentration by quantitative RT-PCR when the TYE-563 fluorescent transfection control<br>duplex (cat# SR30002) indicates that >90% of the cells have been transfected and the HPRT<br>positive control (cat# SR30003) provides 90% knockdown efficiency.  |
| For non-conforming siRNA, requests for replacement product must be made within ninety<br>(90) days from the date of delivery of the siRNA kit. To arrange for a free replacement with<br>newly designed duplexes, please contact Technical Services at techsupport@origene.com.<br>Please provide your data indicating the transfection efficiency and measurement of gene<br>expression knockdown compared to the scrambled siRNA control (quantitative RT-PCR data<br>required). |
