

Product datasheet for **TA343984**

A1CF Rabbit Polyclonal Antibody

Product data:

Product Type:	Primary Antibodies
Applications:	WB
Recommended Dilution:	WB
Reactivity:	Human
Host:	Rabbit
Isotype:	IgG
Clonality:	Polyclonal
Immunogen:	The immunogen for Anti-A1CF antibody is: synthetic peptide directed towards the N-terminal region of Human A1CF. Synthetic peptide located within the following region: LGTCPEPEASMSTAIPGLKKGNNALQSILQTLLEKENGQRKYGGPPPGW
Formulation:	Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. <i>Note that this product is shipped as lyophilized powder to China customers.</i>
Purification:	Affinity Purified
Conjugation:	Unconjugated
Storage:	Store at -20°C as received.
Stability:	Stable for 12 months from date of receipt.
Predicted Protein Size:	65 kDa
Gene Name:	APOBEC1 complementation factor
Database Link:	NP_001185747 Entrez Gene 29974 Human Q9NQ94

Background:

Mammalian apolipoprotein B mRNA undergoes site-specific C to U deamination, which is mediated by a multi-component enzyme complex containing a minimal core composed of APOBEC-1 and a complementation factor encoded by this gene. A1CF has three non-identical RNA recognition motifs and belongs to the hnRNP R family of RNA-binding proteins. It has been proposed that this complementation factor functions as an RNA-binding subunit and docks APOBEC-1 to deaminate the upstream cytidine. Studies suggest that the protein may also be involved in other RNA editing or RNA processing events. Alternative splicing occurs at this locus and three full-length transcript variants, encoding three distinct isoforms, have been described. Additional splicing has been observed but the full-length nature of these variants has not been determined.

Synonyms:

ACF; ACF64; ACF65; APOBEC1CF; ASP

Note:

Immunogen Sequence Homology: Human: 100%

Product images:

Host: Rabbit

Target Name: A1CF

Sample Tissue: Liver Tumor Lysate

Antibody Dilution: 1.0µg/ml

Host: Rabbit; Target Name: A1CF; Sample Tissue: Liver Tumor lysates; Antibody Dilution: 1.0 ug/ml
