

## Product datasheet for **TB416248**

### Caspase 8 (CASP8) CytoSection

#### Product data:

|                                       |  |
|---------------------------------------|--|
| Product Type:                         | CytoSections   |
| Description:                          | Transient overexpression of CASP8 (NM_033356), transcript variant C, in HEK293T cells, paraffin embedded controls for ICC/IHC staining   |
| Species:                              | Human  |
| Expression Host:                      | HEK293T  |
| Expression cDNA Clone or AA Sequence: | TrueORF Clone RC216248   |
| Tag:                                  | C-MYC/DDK  |
| Detection Antibodies:                 | DDK Rabbit monoclonal antibody, recognizing both N- and C-terminal tags (TA592569)   |
| ACCN:                                 | <u><a href="#">NM_033356</a></u> , <u><a href="#">NP_203520</a></u>  |
| Synonyms:                             | ALPS2B; CAP4; Casp-8; FLICE; MACH; MCH5  |
| Storage:                              | Room Temperature, or 2-8°C for long term storage   |
| Stability:                            | Blocks are guaranteed for a year from the date of receipt if proper storage instructions were followed.  |
| Preparation:                          | HEK293T cells were transiently transfected with TrueORF cDNA plasmid. Transfected cells were cultured for 48hrs. After harvesting, the cultured cells were fixed in formalin & dehydrated before embedding in paraffin.              |
| Note:                                 | This product is for research use only and is not approved for use in humans or in clinical diagnosis.  |
| RefSeq:                               | <u><a href="#">NP_203520</a></u>   |
| Locus ID:                             | 841  |
| Cytogenetics:                         | 2q33.1   |
| Protein Families:                     | Druggable Genome, Protease   |
| Protein Pathways:                     | Alzheimer's disease, Apoptosis, Huntington's disease, NOD-like receptor signaling pathway, p53 signaling pathway, Pathways in cancer, RIG-I-like receptor signaling pathway, Toll-like receptor signaling pathway, Viral myocarditis |
