

Product datasheet for TR30036P5

Lentiviral Packaging Kits

Product data:

Product Type:	Lentiviral Packaging Kits
Description:	IDLV Lenti packaging kit, integration deficient- packaging plasmids and transfection reagent, 5 packs
Components:	Five kits each containing: 1 vial of packaging plasmid TR30036A (60 ug) – lyophilized 1 vial of Turbofectin (400 ul) – liquid
Storage:	Store in 4°C refrigerator upon arrival.
Stability:	Stable for 1 year from receipt of products under proper storage and handling condition.

Product images:

GFP lentivirus transduced HEK293 cells, normal lentivirus (WT) or integration-deficient (IDLV). GFP positive cells were measured with FACS sorting.
